Artist Bio

MBD creates beautiful and emotive storytelling experiences using virtual reality, augmented reality and large scale projection. We use a blend of traditional arts expertise and technological innovation to bring stories to life. MBD tells stories from our past and present to create a better future.

We are part of Arts Council England's National Portfolio, a UK Createch 100 Ones To Watch company and Digital Catapult Platinum Award nominees. In other words, we are really good at what we do.
