

Fashion & Textiles: Innovation in Sustainability

LCB Depot's exhibition & events programme highlights work from a different creative industry every month. In April 2020 the focus is on fashion and textiles.

Artists and designers from across the country including those based in Leicester and at De Montfort University will explore sustainable practices from bespoke tailoring of long lasting garments to innovative new materials.

Conceptual Runner

Dimitri Gabellier

Inspired by the work of Sye Mead, this style explores a way of portraying the beauty of shoe construction by innovating the way of building it. This conceptual runner is a collaboration with the worldwide renowned knit company Shima Seiki, and features a 3D printed hinged heel that moves under the weight of the wearer.
