

Fashion & Textiles: Innovation in Sustainability

LCB Depot's exhibition & events programme highlights work from a different creative industry every month. In April 2020 the focus is on fashion and textiles.

Artists and designers from across the country including those based in Leicester and at De Montfort University will explore sustainable practices from bespoke tailoring of long lasting garments to innovative new materials.

Two existing sneakers

After looking into the fast-fashion industries disposal of products, a sustainable alternative to landfill bound footwear is in the form of customisation – giving new life to a product that would otherwise be discarded. In this case, two styles have been cleverly combined and re-purposed.
