Aura Reflections

Jade Bloodworth

Glass

I was interested in the fact that I have light Aura Migraines and what I see is unknown to others. I want to create a body of work that represents that aura using a basic material such as glass. I used moulds to create my shape and when a light shines upon the glass it illuminates the aura.

Artist Bio

I am a design student that works mainly with glass. I am always aiming to create work that is unique and different. I want to create glasswork in ways that have not been done before.
